

Learning for life

OUR CURRICULUM • OUR CHILDREN'S SUCCESS

Building knowledge, confidence and curiosity.

Our broad and balanced curriculum builds on each child's starting point. From Reception to Year 6, carefully sequenced learning helps children deepen their understanding and apply their skills.

STRONG FOUNDATIONS

Daily phonics develops reading and spelling. Maths teaching builds fluency, reasoning and problem-solving through a mastery approach.

A WORLD TO DISCOVER

English, maths and science sit alongside history, geography, art, design technology, computing, music, PE, RE, PSHE and Spanish.

LEARNING THAT LASTS

Children revisit and practise learning, make connections and ask questions. Support and challenge help every child develop.

VALUES & WIDER EXPERIENCES

Our ERICC values underpin learning. Enrichment and opportunities to explore, discuss and collaborate build confidence and independence.

YEAR 6 OUTCOMES • 2026

Above national at the expected standard

Reading	82.9%	Above national
Writing	77.1%	Above national
Maths	80.0%	Above national
Reading, writing & maths combined	65.7%	Above national

65.7% achieved the expected standard in all three subjects, compared with 63.3% nationally.

GOOD PROGRESS FROM KEY STAGE 1 TO KEY STAGE 2

Positive progress scores in every core subject: reading +1.95, writing +1.80 and maths +0.46 - all above the national comparisons in the booklet.

We are proud of these outcomes and the progress children made from their individual starting points, reflecting our commitment to achievement for all.
