

Enriching young minds

FRIDAY ENRICHMENT • YEARS 1-6

Explore new interests. Discover new strengths.

Our Friday enrichment programme gives children time to explore beyond their usual lessons. Through a rotation of practical and creative activities, they try something new, develop skills and grow in confidence.

FOOD TECHNOLOGY

Preparing food safely, exploring ingredients and learning about healthy choices.

FOREST SCHOOL

Exploring nature and developing confidence, teamwork and practical outdoor skills.

3D ART

Experimenting with materials and techniques to design, build and create in three dimensions.

PERFORMING ARTS

Building confidence and creativity through drama, movement and performance.

CHESS

Developing concentration, strategic thinking and problem-solving skills.

SAMBA DRUMMING

Discovering rhythm and developing coordination by making music together.

KEEPING SAFE

Learning to recognise risks, make safe choices and seek help when needed.

SIGN LANGUAGE

Developing communication skills and exploring different ways to connect with others.

MORE THAN NEW SKILLS

These experiences nurture curiosity, independence and courage, helping children discover what they enjoy and what they can achieve.
