

Working together. Looking ahead.

OUR GOVERNING BODY

Supporting the school. Shaping its future.

Our governors work with school leaders to keep children's education, wellbeing and opportunities at the heart of decisions. They bring different experiences and perspectives to support Lowercroft's future.

VISION & DIRECTION

Governors help shape the school's priorities, keeping our ERICC values and the needs of children at the centre of long-term planning.

SUPPORT & CHALLENGE

They ask questions, review evidence and hold school leaders to account for the quality of education and the progress children make.

RESOURCES & FINANCE

Governors oversee the budget and how resources are used, helping ensure spending supports the school's priorities and benefits pupils.

SAFETY & INCLUSION

They oversee safeguarding arrangements and check that the school supports children's wellbeing, inclusion and additional needs.

A COMMITMENT TO OUR SCHOOL COMMUNITY

Governors give their time voluntarily. Through meetings, school visits and discussion with leaders, they build an understanding of school life and help evaluate how well priorities are being achieved.

WORKING WITH SCHOOL LEADERS

The governing body provides strategic oversight. The headteacher and staff manage the day-to-day running of the school, with governors offering informed support and constructive challenge.

MEET OUR GOVERNORS TONIGHT

Visit the governors' stall to meet members of our governing body, ask about their role and hear how they contribute to Lowercroft.
