CURIOSITY

It's been another productive week in school, with plenty going on both in and out of the classroom. Year 4 have continued their swimming sessions and are growing in confidence each day. Pupils have also been getting involved in all sorts of activities - even lending a hand in the kitchen! The work on the Reception outdoor area is also progressing well, and we're looking forward to seeing the improvements take shape. As the warmer weather continues, it's been lovely to see children enjoying outdoor learning and play across the school. We're also looking ahead to the athletics event on Saturday, which promises to be a great opportunity for pupils to represent the school...

Gardening Club have been hard at work planting around the school grounds, including filling the hanging baskets at the main entrance. While the flowers are only just beginning to settle in, we're looking forward to seeing them grow and brighten up the space in the weeks to come

The children have shown great teamwork and care in their gardening efforts - and had a surprise this week when they discovered a toad while clearing one of the beds! It was an exciting reminder of the nature we're helping to support through our planting. Well done to everyone involved!

Let's Celebrate!

Reception Trip to 'Imagine That!'

Reception had a fantastic time visiting Imagine That! this week – a hands-on discovery centre that brings together science, creativity and sensory play in one exciting space. The children immersed themselves in a variety of activities, from making slime and blowing giant bubbles to experimenting with light, gravity and other science wonders.

There were smiles all round as they explored interactive exhibits that encourage curiosity and learning through play. A highlight for many was the creative workshops, where children could get messy and imaginative in a fun, safe environment.

When asked about his favourite part of the day, Jack summed it up with enthusiasm: "The best part of the day was eating!"

A huge thank you to all the volunteers who gave up their time to support the trip – your help made the day possible, and we're so grateful for your support.
